

Orig. sent to DDP/TRO  
w/ note for DTR:

May I have your  
ideas on this before replying

19 SEP 1957

/ Returned by DD/P-TRO w/ note "Al's reasons for a substantial portion of JOTs & to go to FE are all good. The same general reasons apply to NEA, however, I believe the 50% is too high. 25% is closer, with an equal percentage, roughly, for NEA, and the rest spread among the remaining divisions, staffs, etc."

Forwarded to C/JOTP for discussion with DTR and prep of reply.
